Story Dogs Changes Lives

Fun Reading 🐾 Reading for Life

Brock's Story

Brock was 7 years old and in Year 2 at Terranora Primary School in NSW. He was chosen for the Story Dogs reading program because he was a non-reader. His teachers were very concerned and doubted if Brock would progress very far. Yet, after a year in the Story Dogs program he had amazed his teachers and the principal by leaping up 18 levels in reading.

Furthermore, Brock had been diagnosed as autistic and was not expected to reach such heights in the whole of his primary schooling. Volunteer Kate and Pia, her Kelpie Cross, had worked their magic.
